

Eco Classic Bib Apron

This one-size-fits-all apron features a blend of 65% recycled polyester and 35% Better Cotton Initiative (BCI) cotton, with a fabric weight of 195gsm.

It recycles 3.6 plastic bottles, and up to 50% less energy is used to produce the recycled polyester fabric.

It features self-coloured ties, while the black apron is a blank canvas for embroidery and personalization, allowing customers to add a unique design to their chef's uniform.

With much lower CO₂ emissions than virgin cotton alternatives, these aprons are the ideal eco-friendly choice for kitchen professionals.
