

MASCOT® Multisafe Unisex Jacket

This two-tone high visibility jacket is anti-static, acid protective and flame retardant, offering protection against electric arcs and occasional welding arcs.

The dirt-resistant finish and durable double-stitched construction ensure long-lasting performance, while reflective strips enhance visibility.

Features include a high collar, concealed storm flap fastening, multiple secure pockets, a D-ring and gas alarm strap. Ergonomically shaped sleeves, elasticated cuffs and an adjustable waist provide excellent comfort and freedom of movement.
