MASCOT® Accelerate Multisafe Over Trousers

Advanced high visibility over trousers combining certified multi-hazard protection, weatherproof performance and stretch comfort for demanding industrial environments.

Designed with four-way stretch fabric, these overtrousers provide outstanding freedom of movement while delivering protection against flames, electric arc and hazardous chemicals. Windproof, waterproof construction with taped seams and reinforced CORDURA® kneepad pockets ensures lasting durability in harsh conditions.

Finished with detachable braces, an extended back for added protection and reflective detailing to maximise comfort, functionality and on-site visibility.
