

Alsiflex® Male Comfort Fit Cargo Trousers

An ergonomically designed cargo trouser to help take the stress and strain off your body.

Angled pockets allow easy access as well as loads of storage space meaning these trousers will not only be comfortable to wear but will function to assist you at work.

Comfort fit is our new slimmer straight leg design. With the extreme stretch nature of the fabric, we have been able to slim down the leg shape for a more contemporary appearance without impacting the comfort or mobility of the product. Alsiflex® fabric is the ultimate combination of stretch, comfort and performance, made using certified sustainably sourced fibres.
