

MASCOT® Multisafe Unisex Jacket

This durable jacket is anti-static, acidprotective and flame retardant, providing protection against electric arcs and occasional welding arcs.

The dirt-resistant finish helps maintain a professional appearance, while double-stitched seams and an extended back enhance durability and coverage.

Features include a high collar, concealed press stud fastening with storm flap, multiple secure pockets, a D-ring and gas alarm strap. Ergonomically shaped sleeves, elasticated cuffs and an adjustable waist ensure excellent comfort and freedom of movement, while reflective detailing improves visibility.
